TRADE COMMISSION BILL MADE PUBLIC

MEASURE APPROVED BY WILSON
AND McREYNOLDS IS MADE
PUBLIC.

SUPREME PUBLIC MATTERS

Measure Approved by Republican as
Well as Democratic Members of
the Committee.

Washington.—The interstate trade commission bill, bearing the approval of President Wilson and Attorney General McReynolds was made public, following many conferences among the members of the house interstate commerce committee. Democrats expect this measure to command substantial republican support, and an effort probably will be made soon to bring about concerted action between the senate and house on this phase of the administration program of commerce regulation and anti-trust legislation.

The new bill was unanimously agreed on by its framers, a subcommittee of Democrats and Republicans, headed by Representative Covington of Maryland, and it is approved by virtually the full committee.

"The whole theory of the creation of the commission," said Mr. Covington, "has been to make it an efficient, independent body. In most of the matters of public life it has entire control of the facts gathered in, and it is to its discretion, and the bill contains ample authority for it to prevent the disclosure of those necessary trade secrets valuable to the public in promoting lawful competitive business, but which when disclosed might afford opportunity for injurious use by competitors. Powers of investigation, safeguarded by proper constitutional limitations against unlawful searches and seizures, are taken under the control of the executive and given to this non-partisan body."

The bill would transfer all the powers and duties of the bureau of corporations and the commissioner of corporations to the proposed commission. Of these members, presidential appointments subject to confirmation, whose salaries would be \$10,000 annually each. Only two of the commissioners could be from the same political party.

TEXAS RANGERS ON GUARD

Conquistador's "Army" Consists of Only Fifteen Men.

Austin, Texas.—The entire force of Texas Rangers, totaling at present fifteen mounted men, was assigned to duty on the 800 miles of Texas-Mexican border with the arrival of two more rangers at Raymondville, Texas, in response to an appeal from fifty-three persons there for protection against cattle thieves and caperadores.

Along with news of the rangers' disposition, Gov. O. B. Colquitt made public a lengthy list of the Texas border troubles on which his appeals for more rangers to protect the boundary have been based and which explain the nature of the rangers' activities.

These incidents show the rangers as peace officers, not as an armed power which might cause the United States government embarrassment.

The timely arrest of a cattle or horse thief before he has time to escape into Mexico has warranted more serious consequences, such as the killing of Clemente, Vergara, the American, which drew out of horses stealing. The records indicate also that while many of the lawbreakers have come across the border in raids from Mexico, some mischievous-makers have been residents of American territory in sections where the Mexican population is large and have used Mexico as a refuge.

World's Record by Coast Artillery.

Tampa, Fla.—Announcement was made here of what is believed to be a new world's record in night target practice. The Eleventh company of the Coast Artillery guard at night fired seven shots at a range of 4,000 yards in one minute and fifty seconds, each shot taking effect. Captain Beechey claims that the time consumed in making the seven effective shots is the shortest known in army practice.

Wave Whelms 1,000 Persons.

Ektaterador, Russia.—More than one thousand persons perished in the foundation of the town of Stantiza and Achtyrakaja by a tidal wave from the sea of Azov. The wave struck the towns during a violent hurricane, that swept the province of Kuban in less than one hundred and fifty persons also were drowned in floods in Yaskanka. A dam collapsed in the town of Tenyarky on the Taman peninsula, 98 miles northwest of this city. Floods the greater part of the city and drowning many persons.

U. S. Postmaster Slain by Outlaws.

San Diego, Cal.—The United States customs office and postoffice at Tecate was burned and the postmaster, Frank Y. Johnston, was shot dead by three bandits, according to advices received here. Warren Widenback was wounded. Observers of the tragedy say the bandits were Mexicans. A citizen of American flag was found the ruins of Johnston's store, which also was the customs office and postoffice. Johnston was shot through the heart when he refused to give the combination of the safe.

Guns and Axes Used to Kill Elephant.

Hartsville, S. C.—A large elephant which escaped from a circus train said to have been wrecked on the Seaboard Air Line was killed in the woods about six miles from here by a party of men who, in a long chase, used shotguns, rifles and axes in dispatching the animal. Excitement was intense and there were many wild, but baseless, rumors of damage done by the beast. An effort was made to have the local militia ordered out to protect the inhabitants from the elephant.

Car Bandits Shot Engineer.

Peoria, Ill.—Arthur Fisher, a Chicago and Northwestern railroad freight engineer, was shot and instantly killed in the cab of his engine near Maadus, Ill., 45 miles north of Peoria, by bandits who were surprised while stealing merchandise from the freight train. A deputy sheriff, in pursuit of the band, was shot through the head and may die. The station agent at Langley, Ill., was shot by the arm and the trainman on the freight train was shot through the leg.

Hunt for Pirate Gold.

New Orleans.—Senators are supposed to have buried in the swamps of Louisiana during his successful operation on the gulf coast has been renewed and this time by two parties of gold seekers. Charles Tenney Jackson, a novelist, and Frederick W. McKenzie form one party which left for the swamps where they said they would try to find the treasure. A story accredited to Jackson is that in 1911 he met an old man who gave him a rude map showing the location of the pirate's treasure.

REMARKS IN JEST, SAYS AMBASSADOR

ASKED BY SECRETARY OF STATE
BRYAN FOR AN EXPLANATION
OF SPEECH.

CLAIMS HE WAS MISQUOTED

Declares Condensed Report Caused
Americans to Misinterpret
Meaning.

London.—Ambassador Walter Hines Page received from Secretary of State Bryan notification of the resolution of the United States senate in regard to his speech on the Panama canal and the Monroe doctrine delivered before the Association of the Chamber of Commerce.

The secretary of state requested the ambassador to explain an explanation of the speech, and Mr. Page immediately began the preparation of his reply.

After reading fuller accounts of the proceedings in the senate, Ambassador Page came to the conclusion that the senators had been misled by the excessive condensation of his remarks in regard to his interpretation of the Monroe doctrine.

ELEANOR WILSON TO WED

President's Youngest Daughter and the
Secretary of Treasury to Marry.

Washington.—The president and the secretary of treasury announced the engagement of their youngest daughter, Eleanor Randolph, to Hon. William Gibbs Mc-

MISS ELEANOR WILSON.

Seventeenth Infantry at Fort McPherson and Ninth Infantry Ordered in Readiness.

Washington.—Two regiments of infantry were ordered by the war department to the Mexican border. The seventeenth, now stationed at Fort McPherson at Atlanta, and the ninth, stationed at Fort Logan H. Root, Arkansas, will go to El Paso and Laredo, and relieve the cavalry now there.

Col. John T. Van Orsdale is eligible for retirement and his successor has not yet been named.

Lieut. Col. Henry D. Styer will be temporarily in command of the regiment. Colonel Van Orsdale's number will fall to Col. George W. Melver, now stationed at Manila, P. I.

The explanations given for the transfer of the seventeenth and ninth regiments to the Mexican border are said to be these:

To prevent Mexican marauders from crossing over into Texas; to prevent the crossing over into Mexico; to repay Senator Morris Sheppard of Texas for his support of the Wilson administration in opposition to Governor Colquitt.

Senator Sheppard wanted the additional troops sent to patrol the border. Since the dash of the Texas rangers across the international border to recover the body of Clemente Vergara, the American ranchman, there has been uneasiness in administration circles. Serious consequences might follow a dash by Texas into Mexico or Mexicans into Texas.

Secretary Garrison issued this statement:

"To allay as far as possible the fears of the people on the border, the president took up with me the question of sending some additional troops there. As a result, I have ordered the seventeenth infantry and the ninth infantry be sent there. The seventeenth infantry is now at Fort McPherson, Georgia, and the ninth, at Fort Logan H. Root, Arkansas, and Fort Thomas, Kentucky. They will be stationed at present at Eagle Pass and Laredo, and the cavalry now at those places will be relieved by more extended border work."

The orders for the dispatch of two more regiments to Texas will result in the assembly in that state of nearly 18,000 troops, more by 3,000 than the entire force of the regular army that Shafter led into Cuba. Nearly 11,000 men were sent to Cuba in 1898, and the army of the United States in the Philippines. The orders for the dispatch of two more regiments to Texas will result in the assembly in that state of nearly 18,000 troops, more by 3,000 than the entire force of the regular army that Shafter led into Cuba. LEONE GEORGES REBOUX

MEAT CLOGS KIDNEYS
THEN YOUR BACK HURTS

Take a Glass of Sals to Flush Kidneys
If Bladder Bothers You—
Drink Lots of Water.

No man or woman who eats meat regularly can make a mistake by neglecting the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidneys, they become clogged, and from the strain get sluggish and fall to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headache, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, or if you feel a burning pain in the bladder, take a glass of Sals in a glass of water before breakfast and in a few days your kidneys will act fine. This famous Sals is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and cleanse the kidneys, always to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Sals is inexpensive and cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Adv.

Hadn't Seen "Pedestrian"

While out for a drive in the country in an automobile the car broke down. Finally one decided to walk on until his companion could make the necessary repairs. While he was at the roadside, a "pedestrian" passed this way while ago?" asked the man at the wheel. "No, sah. I been right head on dis 'nigh' place, an' I seen a solitary man, an' he wuz a 'cramp' 'long on foot."

And I sez, "Why even the animals and fowls of the air show courtesy. Miss Sylvester Bobbert wuz tellin' me yesterday about her ducks. There is a little mist of a runt among 'em and they let him lead every day. Sylvester wanted 'em to git in the habit of 'agin' across the road to a spring in his pasture, and he took 'em there just once, and ever afterwards they

LITTLE NEWS ITEMS THROUGHOUT STATE

Gainesville.—A troop of Boy Scouts was organized at this place with about forty members, and many other boys having turned in their names to enlist at a later date. The management of the troop for the present will be under the command of Dan Ashford, a grandson of the late ex-Governor Allen D. Candler.

Athens.—Clarke county has hit upon a good plan to save the board of prisoners who have been bound over by the committing courts to the grand jury—which meets months hence—will get out of able-bodied prisoners several months of good work on the roads while work counts for much. Five negro men were sent to the camps as a result of the new plan.

Seneca.—The stockholders of the Bank of Seneca have purchased the property of the Seneca Duck mill and expect to put it in operation at an early date. They expect to interest outside capital—men experienced in the mill business—to whom they offer an attractive proposition. C. F. Hoerg and Louis H. Hargrave have charge of the new concern. Seneca is offering unusual inducements to manufacture enterprises to locate here.

Brunswick.—As the result of the refusal of accident insurance companies to pay Mrs. Laura Jacobs policies amounting to \$17,500 upon the recent death of her husband, B. E. Jacobs, the body of the husband was exhumed at Waynesville, near here, where the funeral occurred, in order that physicians could ascertain, if possible, whether Mr. Jacobs' death was due to natural causes or to an automobile accident which occurred several days before his death.

Cornelia.—One of the greatest meetings ever held in north Georgia will be held at Cornelia on March 28, under the auspices of the local chamber of commerce and the state chamber of commerce. This meeting will be in the interest of the fruit growers in the state. The interest that is being manifested on the part of the men who are at the head of the fruit growing industry in the way of accepting invitations to be present is very encouraging.

Fort Gaines.—After a half century spent in partial darkness, the old town of Fort Gaines is to have a modern and first class electric lighting system installed, having secured the services of J. N. Baber of Atlanta to superintend the installation of the plant. The motive power to come from a dam and power plant on the Pataula creek, eight miles north of town.

Lyerly.—At an enthusiastic meeting of the interested citizens of the county,

Warning to Women

Do not neglect Nature's Warning Signals.

If you suffer from headache, nervousness, sick stomach, constipation, palpitation, hysterics, or a dull heavy feeling in the head, TAKE HEED for nature is saying to you as plainly as if the words were spoken, "I NEED HELP."

The tissues, muscles and membranes supporting your womanly organs need strengthening—need a tonic, need FOOD.

STELLA-VITAR will supply what is needed, will supply it in the form that will bring quickest and most lasting results.

STELLA-VITAR, tested and approved by specialists, has been PROVEN TO BE nature's Great Restorer of strength to the womanly organs. For THIRTY YEARS it has been helping suffering women.

No matter how many remedies you have tried, no matter how many doctors have failed to help you—you owe IT TO YOURSELF to try this great medicine for the ailments of women.

THE TRIAL WILL COST YOU NOTHING unless you are benefited.

We have authorized YOUR dealer to sell you ONE bottle on our positive, binding GUARANTEE of "money back if NOT HELPED." AFTER YOU are satisfied we will sell you six bottles for \$5.00.

Go or send this very day, this very hour, and get that ONE bottle and be convinced that you have at last set your feet firmly on the road to perfect health and strength.

CHILDREN LOVE

SYRUP OF FIGS

It is cruel to force nauseating, harsh physic into a sick child.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicate "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it, that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle.

Rank.
"Is he an actor of rank?"
"Yes, very."

Only One "BROMO QUININE"
To be given for MALARIA, FEVER, CHILLS, BRUISES, ETC.
B. W. GROVE, Cures a Cold in One Day. 25c

A Tangle.
"I regret to say that I find myself mistaking."

"Ha! Then you are lost!"

Distress After Eating.
Indigestion and intestinal fermentation immediately relieved by taking a Boath-Overton Dypespa Tablet.

Buy a 50c bottle at Drugstore. Money refunded if they do not help, or write for free sample. Boath-Overton Co., 11 Broadway, New York—Adv.

"Supreme Test."
"Does your husband treat you unkindly?" asked the lawyer.

"Certainly not!" said the unsuspicious woman.

"Then why do you want a divorce?"

"I don't actually want a divorce. I merely want to apply for one. Then I can judge by the end of a case my husband means whether he really cares for me or not."

REVISED SCHEDULE

TO BE CONSIDERED

CIRCULAR LETTER SENT OUT BY RAILROAD COMMISSION IN REGARD TO RATES.

WILL MEET ON APRIL 14
Express Companies and the Shipping Public Invited to Attend Meeting in Atlanta.

Atlanta.
Circular letters have been sent out by the railroad commission to express companies and the shipping public generally for a meeting to be held in the offices of the commission on April 14 to discuss the proposed new schedule of express rates prepared by Rate Expert Webster for Georgia, under direction of the commission.

Mr. Webster has been at work on this revised schedule for two years, devoting each spare minute he had to it. He has made trips to various states to study conditions and rates, and has secured, read and digested a mass of data on the subject.

The proposed revision contemplates harmonization and adaptation of present classification and rates to traffic conditions as they exist today, and the simplification and making more intelligible to carriers and shippers the rules under which they are applicable. In the practical working out of this plan there have been necessary rate increases and decreases, which, taken altogether, fairly compensate each other.

Under the present plan of constructing express rates in Georgia, the railroad company is the transportation unit, and provision is made that where express shipments handled by one express company are transported over more than one railroad, additional charges shall be allowed. Under the proposed method, the express company is the transportation unit, and the rates are fixed for each express company, regardless of the number of roads necessary for shipment to reach destination.

Three tariffs are provided. Tariff A represents merchandise shipments; tariff B represents food, drink, etc.; tariff C the per cent rate fixed for certain packages. Tariff B is 75 per cent of A and bears the same general relationship to tariff A rates as prescribed by the interstate commerce commission in its recent general express order.

The rates proposed represent on tariffs A and B, under the graduated table, 1,162 advances, averaging 4.8 cents per package, while the reduction number 3,330, averaging 11.9 cents per package.

With each circular is sent a printed pamphlet showing the proposed new rates and schedule of rates, work out.

Police Commission Deadlocked.
Atlanta's apparently eternal warfare in its police department, marked now and then by quiescent periods, has broken out anew.

Backers of the new Citizens' League formed here for the avowed purpose of "fighting corruption" in city government, were needed all that was done or required to be done was to take from each the amount of air and space to which he was accustomed, crush him into close proximity with his fellows, and the thing was accomplished—P. A. Farmer's Note Book, by C. R. D. Phelps.

NOT A MIRACLE
Just Plain Cause and Effect.

There are some quite remarkable things happening every day, which seem almost miraculous.

Some persons would not believe that a man could suffer from coffee drinking so severely as to cause spells of unconsciousness. And to find relief in changing from coffee to Postum is well worth recording.

"I used to be a great coffee drinker, so much so that it was killing me by inches. My heart became so weak I would fall and lie unconscious for an hour at a time."

"My friends, and even the doctor, told me it was drinking coffee that caused the trouble. I would not believe it, and still drank coffee until I could not leave my room."

"Then my doctor, who drinks Postum himself, persuaded me to stop coffee and try Postum. After much hesitation I concluded to try it. That was eight months ago. Since then I have had but few of those spells, none for more than four months."

"I feel better, sleep better and am better every day. I now drink nothing but Postum and touch no coffee, and as I am seventy years of age all my friends think the improvement quite remarkable."

Name given by Postum Co., Battle Creek, Mich. Write for a copy of the famous little book, "The Road to Wellville."

Postum now comes in two forms: Regular Postum—must be well boiled. 15c and 25c packages.

Instant Postum—is a soluble powder. A teaspoonful dissolves quickly in a cup of hot water and, with cream and sugar, makes a delicious beverage instantly. 30c and 50c tins.

The cost per cup of both kinds is about the same.

"There's a Reason" for Postum.
—gold by Green.

Pure Food Violators Given Chance.

It is not my purpose to deal harshly with violators of the pure food law until they have become educated as to the full meaning of the statute," announced Commissioner of Agriculture J. D. Price, who is hearing charges against certain manufacturers.

Three of the alleged offenders have been warned to correct certain of their methods. Several who were summoned to appear before the commissioner asked and were granted postponement of their hearings.

Macon—Florence Yates Bailey was shot and killed by R. Clyde Pagan, who, after he had written a pathetic letter to his mother, sent a bullet into his own brain and another into his heart, causing death in a few minutes.

West Point—West Point is to have a "white way" to light the business part of the city. What system of street lights will be used has not yet been decided upon, but the committee—J. W. Hudson and J. C. Lanier—have been summoned to appear before the commission and will report the result of their investigation.

DOINGS AROUND

STATE CAPITAL

Georgia to Furnish Peaches.
It is up to Georgia to furnish the world with peaches this year, for advice received from Texas and Arkansas are to the effect that the peach crops of those two states have been damaged 50 per cent by the recent cold snap.

South Georgia peaches have had to share honors with Texas peaches in the northern markets, and north Georgia peaches with those from Arkansas, but this year it would seem that the Georgia peach is to have it all its own way.

Nor can the home canners of the New England and North Atlantic areas depend upon home production for supplying them peaches this year, but must look to Georgia for this succulent fruit.

Governor Slaton Undecided.
There is strong pressure being brought to bear to get Governor Slaton to run against Senator Hoke Smith.

If he runs for either senatorship it will open up a double-shift for the governorship, and there will be a merry old time of it in Georgia politics.

In the meantime Governor Slaton is maintaining a diplomatic attitude. He states that other than his official duties his mind is on spring gardening; that there is no use in hurrying forward to a decision until after the meeting of the state executive committee. Until that time it is generally believed he will say nothing.

Of course there will be the usual amount of gossip and speculation, but no one will know until after April 1 who will be in the race for senator or governor.

Permanent Registration.
There seems to be more or less mis-information throughout the state regarding the provisions of the permanent registration law passed at the last session of the general assembly. Many persons seem to think they do not have to register this year; that the passage of the law relieved them of this necessity. This is not true. Unless a person has registered for registration, provided they are not disqualifying by removal of residence or failure to pay taxes.

Every Rail is Inspected.
Details of the methods by which every rail in the Southern railway's 7,000 miles of track is annual subjected to the closest inspection are given in the March issue of the Southern News Bulletin in an article telling of the steps which the Southern has taken to prevent derailments resulting from the rail.

The system of inspection which was adopted over two years ago is believed the most rigid and effective possible. The railroad only four miles of the district engineers and division roadmasters, and is done by the track supervisors and section foremen who closely examine every rail and where necessary, the rails with eyes close enough to the rail to detect the slightest discoverable tendency toward weakness or failure.

And wherever such are found the rails are immediately removed. Detailed reports are made on each rail left in the track so that comparison can be made with the rail found to be defective.

The management of the Southern railway feels that this rigid inspection of every rail over which its traffic moves emboldens every member of the staff to the prevention of rail failures, a feature of railway operation which the officials of leading American railways have been giving the closest study during the past few years.

Famous Minstrel Company.
No famous minstrel entertainment ever presented in Atlanta is more pleasantly remembered or received more compliments than the splendid show given by Neil O'Brien and his associates on their first tour of the country last season on which occasion Mr. O'Brien and his associates on their first tour of the country last season, on which occasion Mr. O'Brien made his first appearance here at the head of his own company, an organization that has since been very successful and is now recognized as quite the leading attraction in its particular field in this country.

Mr. O'Brien, with a brand new and complete and handsome new musical lavatory, comes to the Atlanta, March 23 and 24.

For this year's entertainment, Mr. O'Brien has written two new sketches called "Parade Post" and "Parade Post." Mr. O'Brien uses "Parade Post" for his own vehicle and has a character which is said to be extremely quaint and humorous.

Macon—Florence Yates Bailey was shot and killed by R. Clyde Pagan, who, after he had written a pathetic letter to his mother, sent a bullet into his own brain and another into his heart, causing death in a few minutes.

West Point—West Point is to have a "white way" to light the business part of the city. What system of street lights will be used has not yet been decided upon, but the committee—J. W. Hudson and J. C. Lanier—have been summoned to appear before the commission and will report the result of their investigation.
